My dear friends

I can surely say that, that day was absolutely amazing. Active students of the university had roller coaster of emotions after hard work. Personally, I have had an exciting day with my friends and somehow colleges. We started our day with going to a concert of our university students. In the following , we have had awesome lunch which is organized by the university. Then, all the students went for skiing. While we were skiing, Iqbol and Fathiya fell of and all of us laughed at them. In order to take a picture, we looked for a mirror. Well then, after we found it, we put all that emotions and memories into a photo To be honest, you should value these kind of precious times.

20th of June

My first flight abroad

That day is impossible to forget because that day I flew to Finland and everything I have dreamt has come true. Firstly, we flew to Turkey then after waiting for 7 hours, eventually, we flew to Finland. In fact, even the air was different from ours. It was like another world. It took some time to get used to it. However, our group of students adapted fast and we all started our work with full energy. During “Work and travel” programme, I personally got really highly-valued experiences. I have been in Finland for like 3 months and I have traveled to many places. For example, Helsinki and Kesalyaxti was my favorite ones. The reason is that, the atmosphere was totally different from Uzbekistan’s and people were really kind.

12nd of July

It was a special day for the Uzbeks. Because it was the first time we treated the Finns to our national dishes. It was a lot of fun. Everyone was in a festive mood. But it rained a lot. We wore national costumes. The Finns were delighted. They really liked our food and our clothes. We sang Uzbek national songs for them. We gave them gifts as a souvenir. It was an unforgettable day.

New Year with Dad

This is my most favorite picture of me with my most favorite person. It's a picture of me and my dad. We took the picture on New Year's Eve. It was a lot of fun. We decorated the tree with my dad this year. Daddy talked about his childhood. That year for various reasons dad was not home for the new year and we celebrated without dad. And this year he was home and we had a lot of fun comfortable. a lot of guests came. together with the family at 00:00 we set off fireworks

Wedding day

My very best friend got married this year. At my friend's wedding, I was both sad and happy. Sad because we can no longer communicate like we used to. Happy because she's happy she married for love. We gave her flowers at the wedding. We sang a song about brides. We took pictures together. Now she's pregnant. When I found out I was so happy because I'm going to be an aunt. I'm very happy for my friend.

Thank you.
